The Chubby is extruded from 100% recycled plastic. As such, the colour expression, colour distribution, and texture will differ from chair to chair. These variations should be considered indicators of provenance; confirmation that each piece is entirely unique. To ensure as much cohesion as possible, all desired units of a single colour should be included in one order.

CARE

The Chubby is not suitable for use outdoors. Regular dusting is advised. Please ensure that the plastic does not come into contact with acetone or other chemical cleaners. Deep cleaning is safe with a pressure washer. Kooij products are protected by a limited warranty. To read the full terms, please visit [kooij.com/warranty](https://kooij.com/warranty).
