

MELTINGPOT | ELLIPSE L180

STORY & CARE

The Meltingpot is made from pressed Kooij prototypes and colour tests. Each piece is an amalgamation of studio history, expressed through an intuitive, one-off colour pattern.

Cleaning is advised with a gentle dish detergent and microfibre cloth. Much like wood or stone, the solid plastic will develop a patina of use over time. It is safe to buff away superficial marks with a mildly abrasive dish cleaner such as Cif. Cif is also useful in the removal of stains, such as from turmeric or rust. For deeper scratches, a woodworker or kitchen surfacer can effortlessly buff the table back to its original state. Please ensure that the plastic does not come into contact with acetone or other chemical cleaners. Kooij products are protected by a limited warranty.
